I particularly like the beeping sound the Cowboy made when he dumped them on your desks.

It can't be revenge--he totally won at Twister.

And these are oooooold! Doesn't paper decay faster than this?

So instead of going there, we read about it. While looking up now and then to see if the weather here still sucks.

If I have to read this entire pile, I want a recliner to do it in. *g*

Wait until five, and you can kick off your shoes and put your feet on your desk.

Oh, go ahead and do it now.

Of course, then today would be the day for our once-a-year-visit-whether-we-need-it-or-not from the AD...

On the other hand, I'm wearing turquoise socks with red stripes. Hate to waste 'em.

Socks like that are meant to be shared.

I'm ordering Thai food. What do you want?

Massamun curry with chicken, egg rolls, brown rice, and if it's mango season, mango with sticky rice (but they never have it when the mangos aren't in season).

Hey, I thought I was the one who always fussed over feeding *you*. Is this my karma coming back at me? I like it.

You say "curry and papercuts" and I know fear.

Fear!

Chicken with spicy basil, garlic beef, yellow curry with tofu, tom yum soup, spring rolls (2 orders), and what the Harpy said about the mango and sticky rice.

If they fail you on the mangos, I have an Irish whiskey cake around here somewhere.

I can always count on my friends.

Isn't that an awful lot of protein? Wouldn't lad nar or something else that's mostly noodles be more appropriate?

Do you know anything ruder than commenting on a woman's food choices?

Because I don't.

You know, I have to ask that you not criticize my friends in my livejournal. I realize the world is full of people who think nothing of commenting on what a woman eats, but I think it's both inappropriate and uncool.

Complete with a...swallow's nest? That's pretty cool, too.

Prob'ly oughta be a wasps' nest, but I'll settle for swallows. *g*
